						E-1. Mill Levy Funds Update, Mrs. Jennifer Marsh and Mrs. Melanie Trujillo	
						➤ Mrs. Melanie Trujillo, Assistant Director of Financial Service, presented information on funds spend to date from the 2017 Mill Levy. She displayed the District 51 financial transparency web pages, which show funds spent to date. Funds have been spent on instructional materials, maintenance projects, technology support, additional student contact days and a professional learning day. The display also showed funds distributed to charter schools and collection fees charged by the Mesa County Treasurer's Office. The largest expenditure to date is the addition of five instructional days. The web site pages are updated monthly.	
						➤ Mrs. Jennifer Marsh, Executive Director Curriculum and Learning, and Mrs. Melissa Turner, Curriculum Director, outlined the process for reviewing and selecting instructional materials. The steps are significant and all curriculum selected is based on teacher review and recommendation. Instructional material purchased is both textual and non-textual with some textual material tied to electronic resources, which are continually updated. They displayed data showing curriculum purchased to date with information relating to the content of the curriculum, when the work began to review the curriculum, implementation of the curriculum and the last time similar curriculum was purchased. The data showed some curriculum had not been updated since the 1990's despite the recommendation curriculum should be reviewed and updated, if needed, every six years. Updated curriculum can improve a student's learning by as much as 30%.

<b>AGENDA ITEMS</b>	<b>ACTION</b>
---------------------	---------------

- F. LEGISLATIVE REPORT
  - Mr. Pitton reported the governor is looking at ways to relax some of the restrictions now in place due to COVID-19. The governor announced all in-schools learning will remain shut down for the balance of this school year. At this time, legislator are scheduled to return to work in May.
  
- G. AUDIENCE COMMENTS
  - None at this time.
  
- H. SUPERINTENDENT'S REPORT
  - H-1. COVID-19 Update
    - Superintendent Sirko reported she has received feedback from the community, and the majority of the feedback is on the good things staff is doing to help students and parents. She applauded parents and the community for the work everyone is doing to help students. The state will be starting to transition from a stay at home order to a safer at home order but is still restricting gathering to no more than ten people. Staff will be working to see when lesson plans will end and to have steps set up for students to get their stuff from their lockers, yearbooks and caps and gowns for seniors. At this time, the District is looking to hold graduation ceremonies August 3 through August 5, but those days may conflict with students entering the military or attending college. To accommodate all students, the District is still working with the city to see if some alternate dates in July can be found.
  
  - H-2. Discussion Regarding Possible Budget Reduction
    - Superintendent Sirko shared she is being advised, due to the recession caused by COVID-19, to expect revenue loss of 2 to 5%, but noted it could be as high as 10%. School districts will not know how much they will need to cut from their budgets until the state's Joint Budget Committee resumes in May. At this time, it is hard to predict how long it will take the economy to recover.
  
  - H-3. Possible Extension of School Closure After April 30
    - No discussion since the governor announced schools are to remain closed for the remainder of this school year.
  
  - H-4. Quarterly Business/Investment Financials, Mrs. Melanie Trujillo
    - Mrs. Trujillo highlighted items from the 3<sup>rd</sup> quarter financials. She noted the financial listed were before the impact of COVID-19. With buildings closed there will be some reduction in budget expenses, through the end of the year, such as busing costs, utilities and salary and benefit costs for substitutes and variable hourly employees. There could be some reductions in revenue due to lower property tax collection and lower specific ownership tax. The District should be able to start next year with a little better excess of end of the year funds.

**ACTION**

- Mrs. Trujillo also noted there are a few funds facing challenges due to COVID-19
  - Fund 21, the Nutrition Services Fund, has had a revenue decrease, but Nutrition Services is continuing to provide meals to students through the Emergency Meal Service Program. The federal government will be reimbursing some funding but Nutrition Services will need to use some funds from their reserves.
  - Fund 23, the Physical Activities Fund, is also seeing a loss in revenue due to the cancellation of spring sports. Financial Services will be watching to make sure Fund 23 does not exceed their fund balance at the end of the year. For students who have already paid for spring sports the schools will be issuing a refund.
  - Fund 62, the Medical Insurance Fund, has been performing well for many year and has not had to have an increase until last year. In the last two years, however, the District has seen an increase in higher medical claims, due to a number of high pay claims. The District added an extra 6% to the fund in January, but a one-time shift of funds may be necessary. With a decrease in non-essential procedures, due to COVID-19, the District may see less medical expenses during the remainder of the year.

H-5. Expulsion Report

H-6. Communication/District Initiatives

- Superintendent Sirko acknowledged and commended Communication Specialists, Mrs. Emily Shockley and Mrs. Catherine Foster-Gruber for the large amount of work they have been doing in getting information distributed to staff and the public.

## Memorandum

To: Board of Education  
From: Fiscal Oversight Committee  
CC: Diana Sirko, Phil Onofrio  
Date: 4/14/2020  
Re: 2019-20 3rd Quarter Financial Reports

---

Comments: Attached are the 3<sup>rd</sup> quarter 2019-20 financial reports. These reports include updated projections for end of year 2019-20.

As of March 31, 2020, revenues in the General Fund are coming in strong. At the end of the 3<sup>rd</sup> quarter, 67.06% of budgeted revenues have been received, compared to 65.81% in 2018-19. Expenses in the general fund are in line with expectations, at 72.62% of budget. In the prior year, 72.99% of budgeted expenses had been utilized thru March 31<sup>st</sup>.

The end of year projections for each fund have been updated as well. The closure of schools and buildings after spring break and transition to remote learning due to COVID-19 will influence end of year projections for several funds. In the General Fund, for instance, we are anticipating lower than budgeted salary and benefit costs for substitutes and variable hour employees, as well as lower utility and transportation costs. At this time, delinquent interest has been waived by the Mesa County Treasurer for property taxes through April 30<sup>th</sup>, which will not have a large impact to revenues. However, with the increase in unemployment in our area, we are anticipating that the property tax collection rate may be lower and a decrease to specific ownership taxes for the remainder of the fiscal year. District 51 has been fortunate in that there have not been large additional expenses required to transition to remote learning, in part due to the Chromebooks that were previously purchased from the 2017 Bond dollars.

Other funds are also facing challenges that we are monitoring. Nutrition Services (Fund 21) has been providing an Emergency Meal Service Program to continue to provide breakfast and lunch options for students. They are looking for additional grant funding, but will likely be using a portion of their fund balance to keep this important service to our community running. The Physical Activities Fund (Fund 23) will be impacted by the loss of revenues from spring season. Expenses to our Medical Fund (Fund 62) are also outpacing revenues and have been impacted by high claims.

We, the Fiscal Oversight Committee, have had the opportunity to review the current financials and will continue to monitor revenue and expenditures throughout the year, reporting to the BOE any significant information. If you have any questions, please do not hesitate to contact Vi or Melanie.

## D51 Instructional Resource Recommendation

<b>Content:</b>	<b>AP Physics 1</b>
<b>Year for Adoption Cycle:</b>	Spring 2020
<b>Year for Implementation:</b>	Fall 2020
<b>Last Primary Adoption:</b>	1998
<b>Resource Needed:</b> (Primary, Supplementary, OR Both)	Primary Resource

### Rationale for Selection:

- *College Physics for the AP® Physics 1 Course* by Stewart, Freedman, Ruskell, and Kesten, 2nd edition from Bedford, Freeman & Worth is the first physics textbook to integrate AP® skill-building and exam prep fully aligned with the upcoming changes in the AP Physics 1 course content and exam structure.
- Real-world Case Studies at key content areas throughout the textbook invite students into the world of physics by asking them a question and showing them how physics answers it. Scaffolded equations provide a visual narrative in the form of word bubbles that clearly break down important physics topics. Worked Examples encourage strategic thinking by mirroring the approach that scientists take to solve problems by developing reasoning and analysis skills with their Set Up, Solve, and Reflect problem-solving strategy.
- Equation in Words boxes translate complex equation topics into everyday language that all students can understand. Need to Review? boxes provide on-the-spot notes that tell students where to find concepts to review or to study. Watch Out! boxes draw students' attention to important ideas that they need to remember as they read through the chapters.
- Strong media offerings include online homework with built-in tutorials to provide just-in-time feedback. With almost 1000 questions, including the end-of-chapter AP® problems, SaplingPlus' targeted feedback provides the student with real-time feedback based on their specific misconceptions or understanding, whether they get the answer correct or incorrect, making sure students get to the right answer for the right reason.

### Approximate Cost of Resource: TOTAL COST - \$9,660.48

- 54 student texts of *College Physics for the AP® Physics 1 Course* by Stewart, Freedman, Ruskell, and Kesten, 2nd edition from Bedford, Freeman & Worth (hardcover text with 6-year SaplingPlus access)
- Free teacher resources

### Would there be an annual, recurring cost for this resource?

No, there will be no annual recurring cost.

# D51 Instructional Resource Recommendation

**Recommendation for Professional Learning:**

The team requests one full day of professional learning in August. Half of the day will focus on getting acquainted with SamplingPlus and the other half of the day to collaboratively plan using the new resources.

## D51 Instructional Resource Recommendation

<b>Content:</b>	<b>AP Physics C: Mechanics</b>
<b>Year for Adoption Cycle:</b>	Spring 2020
<b>Year for Implementation:</b>	Fall 2020
<b>Last Primary Adoption:</b>	N/A
<b>Resource Needed:</b> (Primary, Supplementary, OR Both)	Primary Resource

### **Rationale for Selection:**

- *Physics for Scientists and Engineers* by Serway and Jewett, 10th Student Edition + WebAssign (6-year access) is aligned with the upcoming changes in the AP Physics C: Mechanics course content and exam structure.
- The resource emphasizes a problem solving strategy similar to those professional physicists use. This problem-solving strategy is revisited in each worked example, so students approach problems consistently, developing stronger skills. Providing further reinforcement, Problem-Solving Strategy boxes offer additional tips for tackling specific types of situations.
- A signature feature of the text, Worked Examples are presented in a visually appealing two-column format, providing conceptual explanations next to the math for every step. The examples follow the authors' proven general problem solving strategy to reinforce good habits. About one-third of the worked examples include "What If?" extensions that further reinforce conceptual understanding. Solutions are presented symbolically as much as possible with numbers substituted in at the last possible moment to help students think symbolically when they solve problems.
- An extensive set of problems is included at the end of each chapter, and answers to odd-numbered problems are provided at the end of the book. Organized by chapter sections, problems "platform" students to higher-order thinking by presenting all the straightforward (black) problems in the section first, followed by intermediate (blue) problems. The "Additional Problems" section contains problems that span more than one section of the chapter, and the "Challenging Problems" section gathers the chapter's toughest problems in one place.
- The authors include a great diversity of problem types, including quantitative/conceptual problems with parts that ask students to think both quantitatively and conceptually, symbolic problems that ask students to solve a problem using symbolic manipulation, and biomedical problems that highlight the relevance of physics principles to life science.
- With powerful analytics tools in WebAssign, teachers can assess course performance, determine concept mastery, and identify at-risk students.

# D51 Instructional Resource Recommendation

**Approximate Cost of Resource: TOTAL COST - \$9,950.50**

- 45 student texts of *Physics for Scientists and Engineers* by Serway and Jewett, 10th Student Edition + WebAssign, 6-year access

**Would there be an annual, recurring cost for this resource?**

No, there will be no annual recurring cost.

## D51 Instructional Resource Recommendation

<b>Content:</b>	<b>High School Personal Fitness and Wellness</b>
<b>Year for Adoption Cycle:</b>	<b>Spring 2020</b>
<b>Year for Implementation:</b>	<b>Fall 2020</b>
<b>Last Primary Adoption:</b>	<b>N/A</b>
<b>Resource Needed:</b> (Primary, Supplementary, OR Both)	<b>Both Primary and Supplementary</b>

### Rationale for Selection:

- Physical Education is an academic subject; all school districts must provide instruction and learning experiences based on the Colorado Academic Standards in Comprehensive Health Standards.
- The one-semester high school course Personal Fitness and Wellness is a graduation requirement; every D51 graduate must take this course in order to graduate.
- These resources support:
  - Integrated curriculum approach from standards in Comprehensive Health and Physical Education.
  - Hands-on discovery for students to develop lifelong healthy habits related to fitness, nutrition, and avoiding destructive behaviors.
  - Hands-on discovery for students to develop skills to advocate for themselves and others in areas related to fitness, nutrition, and avoiding destructive behaviors.
  - Creating equity by providing all schools with quality materials based on the Personal Fitness and Wellness UCIA.

### Approximate Cost of Resource: (provide itemized list if multiple elements to resource)

#### Standards-Based Resources for All High Schools:

- Instructional Planning Resources to Support Teachers **\$967.44**
  - These teacher-selected resources will empower teachers to teach accurate and interactive lessons.
- Fitness Foundations **\$17,025.80**
  - These teacher-selected resources chosen will empower students to establish a basic understanding of fitness and wellness components and how they support and influence a healthy lifestyle.
- Nutrition **\$2890.32**
  - These teacher-selected resources will empower students to be informed consumers and apply basic nutritional decisions to support a healthy lifestyle.

## D51 Instructional Resource Recommendation

- **Avoiding Destructive Behaviors \$6265.68**
  - These teacher-selected resources will support instruction that educates students about the impact drugs, alcohol and tobacco can have on their life. Students will learn facts and prevention strategies to avoid destructive habits and risky behaviors. The resources will empower students to make safe and health choices.

**Would there be an annual, recurring cost for this resource? If yes, please describe.**

**No**

### **Recommendation for Professional Learning:**

Trainings for resources will occur during our Back to School in-service in August 2020 and during HS In-services. We are requesting to bring in Deborah Tackman, National Health & PE Teacher of the Year, for Back-to-School In-service in August.

## D51 Instructional Resource Recommendation

<b>Content:</b>	English language development (ELD) for English learners, K-12
<b>Year for Adoption Cycle:</b>	2019-2020
<b>Year for Implementation:</b>	2020-2021
<b>Last Primary Adoption:</b>	There has not been a curricular resource for ELD K-12 previously in place. Treasure Chest was purchased as a supplementary resource at the elementary level for Title I schools in approximately 2010/2011.
<b>Resource Needed:</b> (Primary, Supplementary, OR Both)	Elementary Instructional Units, Secondary Instructional Units (Primary Resource for English learners); Supplementary Support Kits

### Rationale for Selection:

Putting core programming in place through a curricular resource addresses concerns raised by both the Office of Civil Rights and through CDE's program evaluation in Spring 2019.

The curricular resource:

- Matches most closely with the priorities identified by the ELD Design Team:
  - Quality professional learning
  - Formative assessment tools
  - Aligned to WIDA's features of academic language
- Closely aligns to the D51 Teaching and Learning Framework
- Encompasses evidence-based practices for ELD
- Demonstrates promising results in other districts that have implemented E.L. Achieve

### Approximate Cost of Resource: (provide itemized list if multiple elements to resource)

Estimate for TOTAL COST (SERVICES AND MATERIALS):

Elementary Materials = \$99,740.40

Secondary Materials = \$23,375.00

Professional Learning Services (21-50 teacher strand participants) = \$39,750 +/- (only charged for actual travel expenses)

Professional Learning: POTENTIAL Symposium Registration costs = \$2,970

Professional Learning: POTENTIAL Seminar Registration costs = \$11,000

Additional Costs: \$10,000

**TOTAL = \$186,835.40 +/-**

**Mesa County Valley School District No. 51**

**Grand Valley Power Energy Utility Easement  
Monument Ridge Elementary School**

Board of Education Resolution: 19/20: 78

Adopted: April 21, 2020

---

WHEREAS, Grand Valley Power has requested an easement for the construction, operation, maintenance, repair and replacement of utility lines and all fixtures and devices, used or useful in the operation of such lines on, under and across property owned by Mesa County Valley School District 51, known as the Monument Ridge Elementary School, in order to provide improved utility service; and

WHEREAS, the proposed Easement is attached hereto; and

WHEREAS, it appears that the interest to be conveyed will not interfere with the District's use or enjoyment of its property and such interest is not needed for any conflicting purpose authorized by law and that conveyance thereof will work to the benefit of the District; and

NOW, THEREFORE, BE IT RESOLVED THAT the Chief Operations Officer be and is hereby authorized, on the Board's behalf, to execute the attached Grand Valley Power Easement for the construction, operation, maintenance, repair and replacement of utility lines and all fixtures and devices, used or useful in the operation of such lines, together with such other documents or instruments as may be required in order to carry out the purposes and intent of this Resolution.

*I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on April 21, 2020.*
